

TOYOTA HALO

**PUTTING YOUR FLEET
AT YOUR FINGERTIPS**

OH WHAT A FEELING

COMMITTED TO IMPROVING THE WAY YOUR BUSINESS MOVES

In every aspect of modern life increased connectivity is opening up exciting new possibilities — and transportation is no exception.

A connected Toyota fleet can help your business to realise improvements in efficiency, security, safety and more.

MEET TOYOTA HALO

YOUR CONNECTED BUSINESS SOLUTION FOR THE ROAD AHEAD

As the latest innovation from Toyota for Business, Australia's leading fleet vehicle provider, Toyota Halo represents a technological shift in fleet management. Toyota Halo uses intelligent vehicle telematics (telecommunications + infomatics) to gather data on anything from a single vehicle to an entire fleet and transmit it via cellular networks into a software dashboard for easy interpretation and visualisation. That means you can monitor location, speed, acceleration, braking and cornering, vehicle utilisation and much more — in near real-time.

CONNECT WITH NEAR REAL-TIME VISIBILITY FOR BUSINESS MOBILITY

Toyota Halo extends the legendary reliability you've come to expect from Toyota to your remote fleet management. Toyota Halo gives you a snapshot of exactly where your fleet is and how it's performing, anytime you need it by providing intelligent end-to-end telematic insights in near real-time. And because it's powered by Toyota, you can count on it to work as hard as you do.

GET THE INFORMATION YOU NEED ON ANY SIZE FLEET

Whether you've got just a few vehicles on the road or a large fleet with many drivers, Toyota Halo can help you intelligently monitor your fleet management. No matter how big your business is, you can benefit from information like vehicle utilisation and maintenance scheduling, while a larger company can harness detailed insights on things like driver behaviour and asset utilisation. And because Toyota Halo is easily scalable to meet your changing needs, it can grow as your business does.

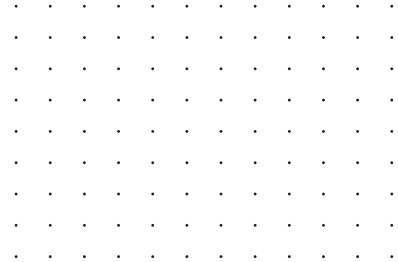

Greater vehicle insights, together with ongoing support, can help you create a safer and more efficient connected fleet that drives your business forward.

ZERO IN ON FLEET INSIGHTS FOR ENHANCED EFFICIENCY

Location Information
Improve fleet visibility and security

Valuable Business Intelligence
Gain more insight into your overall fleet usage and performance.

STAY CONNECTED WITH COMPREHENSIVE FLEET MANAGEMENT

The telematic data you'll get from Toyota Halo will allow you to stay on top of your fleet management, from vehicle status to driver behaviour¹ and fleet efficiency. All this information and more is displayed in a simple software dashboard for easy access whenever you need it.

●

NEAR REAL-TIME INPUTS AT EVERY MOMENT OF THE JOURNEY

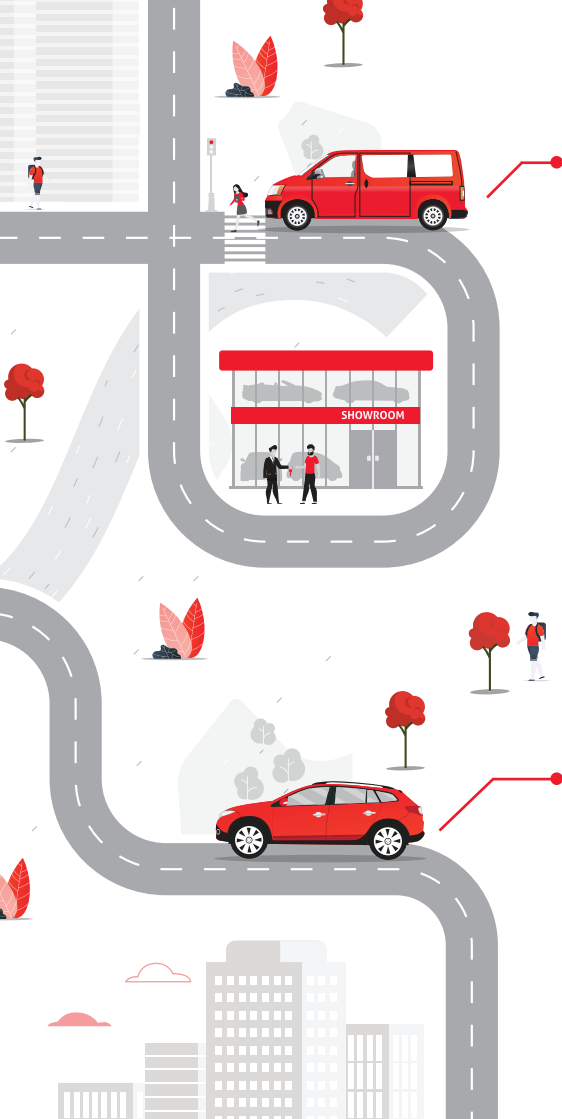

Vehicle Reporting

- Location monitoring – near real-time tracking for easy management.
- Utilisation – asset value maximisation to avoid downtime.
- E-logbook – easy logging for compliance requirements.

● **Enhanced Security¹**

- Vehicle tracking – location information to assist with vehicle recovery
- Geofencing – Usage curfew and entry/exit alerts

Driver Safety Metrics

- Speed – including exceeding posted limits.
- Conduct – harsh acceleration and harsh braking.
- Behaviour – driver safety score provided for each trip.

Toyota Genuine Solution

- DCM enabled Toyota vehicles are pre-fitted with a Telematics device and are ready to go
- Dealership support – benefit from Toyota provided support.
- Warranty² compliant – covered by Toyota Warranty Advantage.

ACCESSIBLE INFORMATION FOR EASIER MANAGEMENT

- User-friendly software dashboard with fleet status available at a glance
- Instant access¹ anywhere, anytime with Toyota Halo app
- Ability to integrate with third party fleet management software platforms.
- The simplicity, reliability and robustness of a Toyota Genuine Solution

AN INVALUABLE TOOL FOR ALL BUSINESS SECTORS AND SIZES

- Manufacturing and Trades
- Government
- Rentals
- Nonprofits and NGOs
- Mining and Construction
- FMCGs and Professional Services
- Health Care

● HOW TOYOTA HALO CAN BENEFIT REAL WORLD BUSINESSES

HiAce LWB Van with optional rear barn doors shown.

● Small

If you have a small business, Toyota Halo's trip reporting can help in checking if customer products and services are delivered on time.

LandCruiser 300 GXL shown.

Medium

If you have a mid-sized business with dozens of Toyota vehicles on the road at any given time, you can use the Toyota Halo app to check vehicle locations so that you can allocate work efficiently and minimise downtime.

RAV4 Cruiser Hybrid AWD shown.

Large

If you're the fleet manager for a company with hundreds of Toyota vehicles, you can minimise operating costs by using Toyota Halo to monitor vehicle usage and plan maintenance.
